25X1

In June 1955 there were Chinese Communist Forces sentry posts on mountain bridges at CT 533458, CT 552457, CT 559458 and CT 570442 in Sango-ri near the demilitarized zone. These posts, so placed as to be invisible from the south, consisted of mud-walled structures about 8 meters long, 4 meters wide and 1-1/2 meters high, their roofs covered with earth-colored canvas. Trenches approximately 1 meter deep and 80 centimeters wide had been dug along these ridges.
